P. O. BOX 350  
ATHENS, TEXAS 75751  
(903) 675-5683

To the Applicant:

The Labor of Love Organization is a non-profit organization that does repairs at no cost to the owner of the home. Most of our workers are Christian volunteers from many churches, **not** people who do repair work for a living. We give of our own time to help others. We are not professionals, just people who want to help those in need. We charge nothing for our help.

We are not a government agency and receive no government money. The money for repairs comes from donations by the people of Henderson County, therefore, we try to be very careful about how the money is spent. **In order to be eligible for repairs you must be a resident of Henderson County and own or be in the process of buying your home. If we cannot find your home on the Henderson County Appraisal records, we will need to see proof of ownership when we screen your work.**

- Repairs that are life or health threatening are repaired first. Sometimes the repairs are such that we are unable to do them.
- Even when we are able to do the repairs to a home it may be several months before we can schedule the work.
- When our workers are in your home we ask that you not smoke or be consuming alcoholic beverages. If you cannot agree with this policy we will not continue with our efforts to help you.

We do screenings once a month (typically mid-month), so it may be a few weeks before we contact you to review the work that you are requesting. We will call you first to make sure that you will be at home.
